### Recommendations:

#### Image 1 (Bacterial):

- Alisin agad ang may impeksyon.
- Iwasan ang sobrang tubig; siguraduhin drainage.
- Gumamit ng ligtas na fungicide/bactericide.

#### Image 2 (Healthy):

- Panatilihin ang tamang irrigation schedule.
- Siguraduhin na sapat ang araw at sustansya mula sa lupa.
- Regular na obserbahan upang maagapan ang posibleng sakit.
- Maari nang ipagbenta o gamitin para sa konsumo.
